

# Art Classes

## with Barbara Russo

### Drawing and Exploring Color (ages 8-14)

Drawing is all about seeing, observing, and understanding what you see. We all do not see the same, but the skill of seeing can be improved.

The more you draw, the more you see.

In this four-week art session, the student will learn about contour drawing and an introduction to color. Using simple techniques with watercolor and color pencils the student will apply color to each weekly drawing exercise. Classes are fun and creative! Students should come prepared with a drawing pad and #2 pencils. All other supplies will be provided. Class size is limited.

**4 Classes: Saturdays: 01/12/2019 - 02/02/2019**  
**10:00am - 11:30am**

**All classes held at the Community Center**

**\$64.00 - Holmdel Resident / \$70.00 - Non-Resident**
